ABOUT ME

Passionate about technology. I like challenges and want to learn new tools to improve in software development.

EXPERIENCE

2022 - Present
Professor at CEPIT IT School

• Prepare and deliver weekly classes, teaching git/github and agile methodologies (scrum)

2022 - Present
Teaching Assistant at CEPIT IT School

• I answer students' queries as regards different programming languages and frameworks (javascript, node.js, react.js, git/github, scrum). I am also a mentor and follow students' progress.

2022
Trackgenix (Tracking System)

Bootcamp Become a Software Professional

• In this project I was able to improve my communication skills by working through agile methods (scrum) with colleagues. I developed the frontend and backend of the project (javascript, react.js, redux, node.js, mongoDB, css, postman, rest API, among others . We also used git/github to organize the code in different branches. Finally, we got a perfectly working app. The project includes signin, signup, authentication, database connection, user display and other features.

2022
My Personal Website

• In order to show the projects that I was involved in I developed my own portfolio on react, css, router. This experience helped me to further strengthen the knowledge about these technologies.

2018 - Present
Programming and Logic at University.

• I developed in some languages like Pascal, in addition to a brief approach to C#. I had different logical and mathematical subjects in which I greatly improved my way of thinking and solving problem solving. I also used different tools like Astah diagrams.

2017
Customer Service

Place of Bets

• I worked with people and I could improve my communication and interpersonal skills.

EDUCATION

2022
Become a Software Professional

Radium Rocket

• 15-week intensive course on web programming, frontend and backend.
• Teamwork based on agile methodologies.
• Development of different projects.

2018 - Present
Information Systems Engineering

Universidad Tecnologica Nacional, FRCU/FRRO

• Advanced Student.

2019 - Present
English

Oxford Institute / Carfax School of English

• B1 Intermediate Level.

HARD SKILLS

• Javascript
• React.js + Router, Redux, Forms
• Vue.js
• React Native
• HTML, CSS
• Node.js, NPM, Express.js, JOI
• API REST, Postman, Jest
• Mongo DB
• Git, GitHub
• Scrum, Trello, Astah
• Figma, Adobe Xd

SOFT SKILLS

• Capacity for collaboration and teamwork.
• Adaptability and flexibility.
• Communication.
• Productivity and organization.
• Creativity and innovation.
